

## HOW DEMOCRATS GAVE US ECONOMY

(From the Republican Congressional Committee)

Washington, D. C. October 15— "The high price of gasoline, which affects the owner of every automobile in the country as well as all business houses which use gasoline trucks; the high price of print paper, which has affected every newspaper and publication in the United States, particularly the owners of the smaller newspapers; the high price of binder twine which is costing the farmers millions of dollars—all these increased expenses affecting millions of our citizens and costing them billions of unnecessary expense, is due to the Wilson administration and the Democratic party," declared Representative Halvor Steenerson, of Minnesota, in a statement here today.

"The Democratic party promised economy and gave us extravagance. It promised lower cost of living but it has gone up and is still going up. It promised to curb monopoly but the Democrats have pulled the teeth out of the anti-trust law by the Clayton act to such an extent that we are now in the grip of some of the most rapacious trusts in the world.

"When I sought to get the Government to prosecute them for violating the anti-trust law the Department of Justice could not find sufficient evidence, although the Secretary of the Interior, the Bureau of Mines, and the Federal Trade Commission investigated the subject and reported there was no natural or economic cause for the increase in prices and it must be due to monopolization.

"The paper trust has gradually raised the price of paper so that many of the smaller newspapers may have to go out of business. The settlers who furnish the pulp wood have been paid the same old price but the manufacturer has doubled the selling price.

"The latest product of Democratic legislation and policy, the binder twine trust—the Commission del Mercado de Yucatan—controls absolutely the world's supply out of which binder twine is made. This trust was organized by the military governor of Yucatan and was approved by Congress. It was financed in the United States with approval of the State Department. Normand Lind, whose father, John Lind, was sent as President Wilson's 'personal representative' to Mexico, is its American representative. This trust has already doubled the price of binder twine. In the state of Minnesota alone it has raised the price from 3½ cents to 7 cents and refuses to quote prices for next season lower than 10 cents. Minnesota farmers use approximately 25,000,000 pounds of twine annually, and this means an extra tax of at least 10 cents an acre or more than a million dollars on the farmers of this one state. This money, wrung from American farmers, will not go to the poets of Yucatan in increased wages but to Carranza. It will help him buy more arms and ammunition with which to murder Americans.

"The Democratic party has imposed extra taxes on the people amounting to \$600,000,000 per annum. They have created more than 35,000 new offices, involving a permanent burden on the tax payers of \$10,000,000 per annum. They are great for economy when out of office, but in power they are more than extravagant—they are profligate."

### S. S. Kinau

The steamer Kinau will leave Kauai ports next Friday, November 3, in place of Saturday, November 4, for Honolulu.

Walter R. Coombs, cashier of Lewers & Cooke, Honolulu, is spending a short vacation on Kauai.

## ARBOR-DAY TREES NOW AVAILABLE

David Haughs, forest nurseryman of the Board of Commissioners of Agriculture and Forestry, Honolulu, of which Mr. Arthur H. Rice, of Lihue, is chairman, has written THE GARDEN ISLAND regarding trees available for use by the schools of Kauai, or others, for planting on Arbor Day, November 17th. He included a list of the trees, with an appended note as to how they may be obtained, as follows:

### TREES FOR ARBOR DAY.

Golden Shower, Pink Shower, Pink and White Shower, Royal Poinciana, Yellow Poinciana, Jacaranda, Pepper Tree, African Tulip Tree, St. Thomas Tree, Texas Umbrella, Ear Pod Tree, Silk Oak, Ironwood, Japan Cedar (Sugi), Blue Gum, Swamp Mahogany.

Each applicant is entitled to 24 trees free of charge. There is a sub-nursery located in Hilo in charge of Brother Matthias Nowell and another at Homestead, Kauai, in charge of Mr. Walter D. McBryde. People living within a reasonable distance of either of these nurseries should apply direct to the gentlemen named. Those desiring trees from the nursery in Honolulu who wish them shipped by the Inter-Island steamers should place their orders as soon as possible and not later than November 6. All trees ordered but remaining uncalled for at the nursery will be turned back into the regular stock on November 25.

## ARE YOU GUILTY?

A FARMER carrying an express package from a big mail-order house was accosted by a local dealer.

"Why didn't you buy that bill of goods from me? I could have saved you the express, and besides you would have been getting a home store, which takes you off taxes and holds up the localities. The farmer looked at the merchant a moment and then said: 'Why don't you put your home papers and address? I read it and didn't know that you had them? I have here.'"

## CRISCO

For Frying-For Shortening  
---For Cake Making

### Frying

There is no smoke nor odor. Fried foods are free from the taste of grease. They now are tasty and crisp. They are made more digestible, for Crisco is all vegetable. The same Crisco can be used to fry fish, onions, doughnuts, etc., merely by straining out the food particles after each frying.

### Shortening

Crisco gives pastry a new flakiness and digestibility. Crisco always is of the same freshness and consistency. It's uniform quality makes for uniform results.

### Cake Making

Crisco gives richness at smaller cost. It brings cake-making back to popularity. Butter bills are reduced and cakes stay fresh and moist longer.
